

FIXTURE TYPE: \_\_\_\_\_

PROJECT NAME: \_\_\_\_\_

NOTES:

#### GENERAL INFORMATION:

Joker of Love is a versatile and modular element and it gives a touch of vintage irony in every space it fits. The richness of its details, typical of the Italian Baroque style, matches perfectly with the pop and contemporary polyethylene, and it reminds the main features of the whole Design of Love collection. Joker of Love can be used as a single module or it can be combined with other modules to become a library, an open-space divider, or an office archive.

#### FIXTURE TYPE:

Non-Illumination Furniture / Modular display

#### MATERIAL:

Polyethylene

#### DIMENSIONS:

L: 18.11 " (46 cm) x H: 20.47" (52 cm) x W: 20.47" (52 cm)

#### FINISH OPTIONS:

#### STANDARD COLOURS:
